"SHOULD U.S. SOFTWARE ENGINEERS BE LICENSED?"

National Software Council Forum  
25-26 June 1996 - St. Louis, Missouri

--More--

Esc-chr: ^] help: ^]? port:1 speed: 9600 parity:none echo:rem VT320 .....

<http://www.nscusa.org/forum96>

This NSC Forum will review and debate the issues surrounding  
certification and licensing of software engineers and its  
effect on the U.S. software industry.

Including featured presentations:

-- Putting Engineering into "Software Engineering"  
Mary Shaw - Carnegie Mellon University

-- The Engineering Licensure Process and  
Engineering Specialty Certification  
Arthur Schwartz, General Counsel  
National Society of Professional Engineers

-- A Model for Licensing Software Engineers: Objections and...  
Don Gotterbarn - East Tennessee State University

-- Toward a Mature Software Engineering Profession  
Norman Gibbs - Guilford College

--More--

Norman Gibbs - Guilford College

-- Solving the Software Crisis  
Carl Clavadetscher - National Defense University

-- Issues in Licensing and Certification of Software Engineers  
Nancy R. Mead - Software Engineering Institute

-- Requisite Body of Knowledge  
Patricia Douglas - IBM Corporation

-- Report on the joint work of the  
IEEE-CS & ACM on Software Engineering as a Profession  
(speaker to be announced)

-- Workshop on Software Engineering Ethics  
Workshop Leader:  
Don Gotterbarn - East Tennessee State University

In cooperation with: IEEE Computer Society TCSE,  
Naval Surface Warfare Center - Dahlgren Division,  
Center for Applic of Info Technology - Washington Univ,

<http://www.nscusa.org/forum96>

In its role as a facilitator of national discussion,  
The National Software Council (NSC) sponsors forums to examine  
software issues that affect the U.S. economy and society.  
The NSC does not have a "position" on this issue.

Hi Vivian,

Just got back from Tahoe. I will forward 2 messages, one about the  
St Louis conference which you might also have gotten, and one from  
Gotterbarn about the report to be produced at St Louis. If Micheal  
goes then we can get the contents. Other people I sent e-mail did
