Ed,
Thank you very much for keeping this effort going.

Subject: Code Proposal

Volunteers,
One of the members of SEEPP/E, Mike Davis, has taken our outline and added the good words. The attached, in text mode, is the results. I think I talk for the entire group that has been working on this when I thank him very very much. Now it is your turn. Please review and send me the changes by the end of July. We should be able to submit the FINAL product by the end of the summer.
As you read each rule or at the end of a rule you will see statements with ??? attached.
These were statements that Mike wasn't sure of, thought they were covered, or didn't know where to place. If you think they should be placed tell me where or they will just disappear.
We are finally in site of the end.
Ed
