Organization: East Tennessee State University  
Subject: Schedule  
To: SEEP task force <se-ethics@sei.cmu.edu>,  
Joyce Currie Little <JCLITTLE@MIDGET.TOWSON.EDU>, Michael Davis <CSEP>

Howdy,  
I hope you are all enjoying Spring! Cold and snow here. Please let me k  
now how you are doing with you work groups. I know the schedule we put  
together in February is demanding. I have already missed some of the deadlines  
. But it is important to get started even if we are a little late at doing it.

together in February is demanding. I have already missed some of the deadlines  
. But it is important to get started even if we are a little late at doing it.  
I used to say, I will get to that when things slow down...but they never slow  
down. At least life is not boring.  
Please let me know if there is anything I can do to help with your work with  
the groups.

Best regards,  
don
