Re: Copy of: TROIKA

Jay,

New subject, I got tired of the replies using the same subject.

Looking forward to outline.

Tribalism runs wild every where.

Go for the third member of the "TROIKA". Just one cation, I have found, limited experience, that many in Japan are not on the net. This is our best form of communication and the fastest.

Regarding Al Davis response: The issue would be interesting from a practical point of view. I am from industry and would like to see some structure to the field; that is why I joined SEEPP. I don't know if we should use this forum as an introduction to the book(more detail) or the year long one. Need to think about it. Maybe use both as tests to see which one bites?
