Subject: participation in task force email list.

I have recieved a request from Keith Miller that you be added to the SEEPF task force email list. I am puzzled by this request since you have ben sent all emails sent to the task force. Is there some problem I can help with?

Sincerely,
Donald Gotterbarn

Don: I believe
OK to convey information not contained or
not clearly contained in e-mail. As you know, it is hard to
know whether the e-mail correspondence
one has for this project is complete, and there
were problems with formatting. Best, Vivian
