Dear Vivian:

Thank you very much for lunch yesterday. The project is certainly in an important area and I expect you gill continue to find ideas to develop it further. As we discussed, you may wish to contact Peter Neumann at SRI: 475-359-2375\_ Also, the ISO 9000 standards for software are very useful and relevant to our discussion. If you need references or topic;, let me know.

Very truly yours,

Very truly yours,
