Don

I sent the annotated version of the Code; did
you get it?

A couple of questions?

1. What was the intent of the statement:

"We understand that for a variety of good reasons, many members of this
task force have been unable to participate at the level originally planned."
in Felipe and Dennis e-mail you forward to us?

2. What is the plan for the rest of the year they requested in the
same e-mail? I do not know if you sent anything yet.

Ed
