Re: Copy of: Re: Group Condition

Don,

What are the problems with our project?
Can I help?

I have had a request, repeated below. Can I
honor the request?

Ed

We have a small NSF grant to study your process of developing/formulating
standards. We have seen no messages since July. Please let us know
if we have missed any. Also, please let us see any replies to your
message of November 3.

Vivian Weil & Michael Davis

Good to hear from you. Don Gotterbarn and Keith Miller have corresponded
with us. There is a third person (at IIT) from computer science,
Ilene Burnstein = CSBURNSTEIN@minna.acc.iit.edu. We three expected
to participate and study the process of settling on ethical
standards. Please keep us in touch. The weather is unseasonably
cold--not supposed to happen before Thanksgiving. Chicago is a
great city, especially for an architect.
