Michael,
Vivian sent me an email in Feb. expressing this concern and
it was addressed then. I added this address to the email list for the
task force. Since February, the only thing that was sent out was a draft
of the preamble which recieved one public response so far. Did you get
either of these things. (Oh, and Ed Mechler broadcast a joke to the task
force). So since around Feb 14th you should have received 3 emails.

Are there any results from you tracking our group that you would care to
share with me, or that would be useful in our work?
best regards,
don

Don:

I didn't get preamble (but VW made a copy for me).
I also didn't see Ed Mechler's joke (nor did
VW).

Results from tracking group? Mostly about other
of technology in process - generally, much less
~~present~~ information than at face-to-face meetings.
