

## **Software Engineering Code of Ethics** **and Professional Practice**

### **Ballot Group Members**

---

**Name and Affiliation**

Bob Riser, East Tennessee State University  
Robert A. Converse, Computer Sciences Corporation  
James E. Cardow, TYBRIN Corporation  
Russell C. Bjork, Gordon College  
Pavol Navrat, Slovak University of Technology  
Mel Lindley, Texas Instruments  
Leo Beltracchi, Consultant  
Roger Silk, University of Sunderland  
Sue McGrath, SAS Institute  
David John Leciston, U.S. Army Communications-Electronics Command  
Diarmuid O'Donoghue, NUI  
Carl A. Singer, IBM  
Cecile (CeCe) Lichtenstein, U.S. Treasury-Financial Management Service  
Stephen G. Scott, AT&T  
Paul Wolfgang, Boeing  
Dolores Wallace, NIST  
John Harauz, Ontario Hydro  
Robert A. Pickering Jr., Cincinnati Bell Network Solutions  
Kenneth R. Ptack, PRC, Inc.  
Joop Coumou, HIO Breda Netherlands  
Jed Bartlett, Australian Department of Defence - CIP  
Spiros TSALTAS, Irdeto Consultants BV  
Geoffrey Darnton, Darnton & Darnton  
Juris Borzovs, Riga Information Technology Institute  
Michael Lockey, Hartlepool Systems International  
Chaojie Wang, Singapore Technologies Electronics  
Taz Daughtrey, SOFTWARE QUALITY PROFESSIONAL  
Richard B. Winston, Self-employed  
David A Martin, Department for Administrative and Information Services  
William S. Junk, University of Idaho  
Anton Rang, Adaptec, Inc.  
Richard J. Doyle, CRW Systems  
Judy Fiala, COMPAQ Computer Australia  
Dr E A Sonenberg, The University of Melbourne  
Michael R. Pallesen, InsWeb Corporation  
Jack Sheehan, ARL:UT  
Andrew F. Broman, University of Kansas  
Kay Burnett,  
Susanne Commisso, KPMG Peat Marwick  
Lane Stevens, Terrapin Technologies, Inc.

Karl Leung, Hong Kong Polytechnic University  
Eugene Spafford, Purdue University  
Walter Maner, Bowling Green State University  
Joseph L. Podolsky, Hewlett-Packard Co.  
David Rader, A. T. Kearney, Inc.  
Frederico Sousa Santos  
Surendra K Reddy, Oracle Corp.  
Ian Rowe, Gallexco  
G. M. HARDING, Tandem Computers  
Dan Cohen, Clear Thinking Technology, Inc.  
Bill Barker, Via Research Pty Ltd  
Carol J. Harkness, Lucent Technologies  
Robert J. Schaaf, Summa Software Management Consultants  
Barbara K. Beauchamp, AP Labs, Inc.  
Jaya R. Carl, Sun Microsystems, Inc.  
Margaret Anne Pierce, Georgia Southern University  
Alvaro Martinez-Parente, Avantel-MCI  
Adrian Colley, Sun Microsystems, Inc.  
Andreas Pfitzmann, Dresden University of Technology  
Sandra Swearingen, U.S. Air Force  
Edwin Quinones, Northrop Grumman Corp  
Dr. Darrell James Parsons, University of Botswana  
John Garth Glynn, University of Brighton  
Herbert Hecht, SoHaR Incorporated  
Lawrence Catchpole, AssertiSoft  
David LaRue, MCI  
Fredrick G. Trussell, Sandia National Labs  
Stephen Huang, University of Houston  
Dr. Kathryn J. Moland, Metasys Inc.  
Mikhail Auguston, New Mexico State University  
Stephen R. Schach, Vanderbilt University  
Mark Paulk, Software Engineering Institute  
Gregg Giesler, Digital equipment Corp.  
Trond Knudsen, Finnmark College  
Andrew L. Wright, University of Louisville  
Dennis Rilling, US Navy  
William V. West, Indiana University Foundation  
Scott D. Matthews, Lockheed Martin Idaho and U of Idaho  
Scott Troutman, Lucent Technologies  
John H. Fowler Jr., General Dynamics Information Systems  
Alan Heffernan, ANSER  
Ronny Hardaway, Texas Instruments  
Amy Remillard, 3M Health Care  
John T. Bell, RWD Technologies  
Oliver Smoot, Information Technology Industry Council  
Gerry Zimmerman, Raythen OpticalSystems, Inc.  
Paul E. Black, NIST  
Richard Gisselquist, SGI (former Cray division)

Duncan Langford, University of Kent at Canterbury  
Richard S. Rosenberg, University of British Columbia  
Scott Whitmire, Advanced Systems Research  
Stanley H. Levinson, Framatome Technologies, Inc.  
Dr. Daniel Salber, Georgia Tech & INRIA  
R Waldo Roth, Taylor University  
Peter Drexel, Plymouth State College  
Judith A. Perrolle, Northeastern University  
Edward Robertson, Indiana University/Computer Science  
C. Dianne Martin, George Washington University  
Bob Care, IEEE Computer Society  
Patricia A. Trellue, Sandia National Laboratories  
Detmar Meurers, Universitt Tbingen  
Donald Gotterbarn, East Tennessee State University  
Nancy Selby, Raytheon Systems Company  
Kevin Bowyer, University of South Florida  
David M. Waxman, The MITRE Corporation  
Patrick Scherrer,  
Keith W. Miller, Univ. of Illinois at Springfield  
Michael Lackner, AlliedSignal Inc.  
Phil Sharpe, Koch Industries Inc.  
Gerald L. Ourada, Lockheed Martin Tactical Aircraft Systems  
Austin J. Maher, GEC-Marconi Hazeltine CNI Sys Div  
Donald Bagert, Texas Tech University  
Dr. S. V. Chiyyarath, PEO Air & Missile Defense  
Pradip K Srimani, Colorado State University  
Greg Brown, Stevenson Software  
G. M. Samaras, PhD, DSc, PE, Samaras & Associates, Inc.  
Donald H. Goldhamer, Univ. of Chicago  
Michael Rys, Stanford University  
Mitchell W. Smith, Bolder Heuristics, Inc.  
Suzanne Weisband, University of Arizona  
Gilbert Rankin, Electronic Frontier Foundation  
Colin J. Connaughton, CSC Australia  
William M Walsh III, PRA International, Inc.  
Ilene Burnstein, Illinois Institute of Technology  
David Gorbet, Microsoft Corporation  
William E. Hefley, Carnegie Mellon University  
Chroust, Gerhard, Kepler University Linz  
Prof. Amr El-Kadi, The American University in Cairo  
Daniel Evans, Bank of Boston Corporation  
Jan B. Wilson, Syracuse University  
Karol Fruehauf, INFOGEM AG  
Thomas J. Froehlich, Kent State University  
Dr. Melvin Simms, Northeastern University  
Stuart Laughton, Schlumberger  
Woody Pidcock, The Boeing Company  
Dr. Bakul Banerjee, Argonne National Laboratory

Celia H. Modell, The Boeing Company  
J. Dennis Lawrence, Lawrence Livermore National Laboratory  
Martin Elliot, Cadence Design Systems  
Dennis K. Peters, Memorial University of Newfoundland  
Helmut Sandmayr, INFOGEM AG  
Colin Sutton, Landis and Staefa  
Enrico Carrara, SIGEDA s.r.l.  
Joseph Senulis, State of Wisconsin, Department of Natural Resources  
Floyd Johnson,  
Cherie L. Kronimus, GE Fanuc Automation  
Dr Malachy Eaton, University of Limerick, Ireland  
George M. Sigut, ETH Zurich (Swiss Federal Institute of Technology)  
Aggelos Paraskevopoulos, Iris Stellar  
Lynn J. Simms, Sentel Corporation  
Chris R. Simpson, Swinburne University of Technology  
Henry Su, ZTE Shanghai 2nd Research Institute  
John R. Speed, PE, Texas Board of Professional Engineers  
Mark Spillers, Delta Technology, Inc.  
Paul R. Croll, Computer Sciences Corporation  
Ed Mechler, CCP, PCI  
Dr. Richard H. Thayer, California State University -Sacramento  
Denis C. Meredith, Meredith Consulting  
William Schnippert, Elmira College  
Mary Jane Peters, Jacksonville State University  
Milton Fulghum, FlightSafety International  
M. Scott Buck, PE, US Army TACOM  
John W. Horch, COLSA, Corporation  
Theo Clarke, Tignosis Limited  
James W. Moore, The MITRE Corporation  
Williatm Sai Hey TAM, Tam's Arts and Technology  
SANTHOSH KUMAR T N, Texas Instruments  
Thomas M. Kurihara, TKstds & Associates, Inc.  
David B. Horvath, CCP, CGI Systems  
William Lively, Texas A&M University  
Ronald L. Wade, Raytheon Systems Company -- Garland Texas  
George Voon, Electronics for Imaging  
Judy Bayard Cusing, The Evergreen State College  
Steve Wentworth, Hitachi America, Ltd.  
Joseph M. Treat, Bolder Heuristics, Inc.  
Richard E. Biehl, Data-Oriented Quality Solutions  
Viveka Weiley, Optus Communications  
Daniel Kohanski, Bank of America  
Joseph R. Herkert, North Carolina State University  
Andrew R. Huber, Data General Corp.  
BERLEUR Jacques, University of Namur (Belgium)  
Myron Hecht, SoHaR  
Ian R McChesney, University of Ulster  
Greg Merten, TRW, Systems Integration Group

Luca Spotorno, Alenia Aerospazio - Space Division  
Debra S. Herrmann, CSC  
James E. Heil, Telos  
Rosemary Coleman, Philip Morris Australia Limited  
Richard Blauw, ComEd  
Anthony Lobo, TATA Consultancy Services  
Antonio M. Cicu, MetriQs Srl  
Joyce Currie Little, Townson University
