Re: Copy of: Questions and Update

Jay,

First, is this a name you would like to be called or do you go by another name. Problem with e-mail; can not tell names to address people.

Second, any response to your letter? I am really excited about the project.

Third, since you did not get Don's previous letter I thought you may not have received this one that I have attached(text). I think that if you didn't you should e-mail to be put on the list. I can not determine who is on the list. I think I will e-mail a copy of the work we have been doing to him reminding him of previous e-mails.
