Re: Copy of: Ethics Product Review 1

Volunteers,

Our product has been review by the Task Force Review Group chaired by Felipe Cabrera. Attached is the first review comments and my reply, again in text format. If you have any additional comments or disagreements with my comments send them to me as soon as possible and I will pass them on. There appears to be a rush associated with our product so I would like additional comments ASAP. I will send the second review and comments in the next e-mail. Let me know if you do not get both.

My e-mail address has changed to

emechler@eri.eqt.com

which has faster service. The old one is still open for this project if you do not want to change it; I just went through that process, what a mess.
