Mike

First of all my new e-mail address is
emechler@eri.eqt.com

I am keeping the CompuServe one for SEEPP only.

I think the Ethics project is complete but I will probe more. I have placed all my e-mails in two directories in text format; two because I separated SEEPP and SEEPP/E. You said one time you wanted a copy for the study. Each one has all the sent/receive notations but the data is still there. My guess is three or four discs. Let me know.
