Cc: gotterba@etsu.east-tenn-st.edu (Dr. Don Gotterbarn)

I think that Don does owe us all a response this time. As chair of the SEEPP Committee, you have contacted us and we have "volunteered" to work on this committee because of our strong believe in the cause.

Since the time this activity started, everything have been so slow?!  
We don't even have a mailing list that works?

Is there such a committee (SEEPP) or has it been terminated? if it still exist, what is going on? if it has terminated, then who did take that decision, why, and how come he/she never notified the volunteers as any professional would do????

Don, we are all waiting for your response.
