Looks good to me. Could we agree to work to produce outlines  
i) for the IEEE Software - you as the first guest editor, me and  
Asia-Pacific person ii) for the ACM - me, you and the Asia-Pacific  
person iii) me or you /you or me for the book.

What do you think? We may have a competitor for the IEEE Software.  
If you agree (above)-a proposal has to be produced asap for the IEEE Software  
so that ours is evaluated at the same time as this competing proposal.
