below is a message from Manny of accountancy. He forwarded it directly to some of you, but I wanted to be sure all of you got a copy. Sorry for the duplicataion if you already saw this.

The University of Tennessee will set up a list for us. I am going to use the address list I mailed to you earlier, so if there are any corrections please take a moment and send them to me. Thanks.

Looks like Ed is doing a good job. I think that we can get a better idea of the model we want in task 1, by first examining our findings about other organizations (task 2).

I don't know whether my response to the message containing the list of organizations was received. Anyway, I intend to look into the Accountancy Profession codes mentioned and report on them. I am not sure how to obtain the documents, but should be able to get them through colleagues of mine in that field. This might take a bit of time, since I seem to have a lot of things going on at the moment!

Manny.

Hi Vivian,

I have not received any mail about the task force events, have you? Would you be willing to serve on another Ph.D. committee early this fall. I have a female student who is a hard-worker and will be taking her Ph.D. comps. Hope your summer is going well. I will call you.
