The record of the conference call follows for) our comment:

SWEEP Conference Call - April 14, 1998 2:00 EST

Participants:

Leonard Tripp
Dennis Frailey
Linda Northrop
Mark Ardis
Karl Reed
Doris Carver

The following actions were taken:

1. ACTION ITEM - Linda Northrop and Doris Carver -
   Identify 3 educators from ACM and 3 educators from IEEE CS to
   review body of knowledge

2. Approved the Software Engineering Education Project with the
   following conditions:
   a. Ensure that worldwide curriculum initiatives are levereged
   b. Work with the following priorities:
       b.1 first priority is the undergraduate curriculum
       b.2 second priority is profession) graduate programs

   The committee is encouraged to compile a large library of existing
       syllabi in software engineering

3. Approved the Code of Ethics and Professional Practices Proposal

4. Approved supporting a workshop on the Body of Knowledge at STEP

5. ACTION ITEM - Mark Ardis -
   Provide a presence at ICSE to seek reviewers for the
   third round of reviews. The presence will include providing
   communication with the daily newspaper at ICSE and possibly a

Birds of a Feather session.

Teleconference adjourned 3:15 EST Actions recorded by Doris Carver
