CONTENTS OF ILENE BURNSTEIN'S FILE: "VIVIAN-ETHICS PROJECT May 21, 2002

Leverson and *Turner, "An* Investigation of the Therac-25 Accidents" (duplicate of *one* listed below). Not Found

Packet, containing: memo of phone call from Weil, May 9, 1994; Buckley, "Defining software engineering"; Michael S. Mahoney, "The Roots of Software Engineering" (with note from me, 3 April 1994); Leverson and Turner, "An Investigation of the Therac-25 Accidents"; Helen Nissenbaurn,, "Computing and Accountability", Michael C. McFarland, "Urgency of Ethics Standards Intensifies in Computer Community"; and Michael C. McFarland, "Ethics and the safety of computer systems". Not Found Email: Press Release, from Robert Melford, June 14, 1994 (the Call)

"For a Project on Ethics and Software Engineering", Weil and Davis, undated (early draft of proposal),

probably early 1994. Xerox: Beizer, "Software Engineering Is Illegal", 1995 Not Found

Overheads (for paper below): Mead, "Issues in Licensing and Certification of Software Engineers" (Software Engineering Institute) Not Found

Xerox: Mead, "Issues in Licensing and Certification of Software Engineers" (Software Engineering Institute) Not Found

Email: seepp stuff, from Gotterbarn, 22 February 1995 (procedures, long document, with ***Bernstein's own annotations)***

"What Balance between Technical Standards, Professional Standards, and Professional Education", late draft of proposal, undated (but before June 6, 1995) Found but it is dated February 1995

letter from Weil to Burnstein, May 2, 1995, guessing grant will be approved and asking of any news about

working group activity. Not Found note from Weil to Burnstein, June 6, 1995, reporting approval of grant.

Not Found memo from Rebecca Newton correcting error in above note, June 7, 1995 Not Found

l handwritten notes, presumably Burnstein's, undated ("need for accountability for sw developers..." Not Found

Email: The Case of the Killer Robot, from Richard G. Epstein, no date (an article).

Memo: Addition to Proposal (to Hollander), from Weil and Davis, April 12, 1995

Letter: to Hachette Hollander,, from Vivid Well, April 28, 1995 ("I am writing in response to your questions...)

Email: Working Group Deliberations, from K. Miller, 14 May 1995 (response to Bornstein request to participate)--with a packet of documents (in different print) stapled to it, including list of participants with addresses.

Email: Vivian-Thought You Might Take Note for the SGER, from Hollander, 29 May 1995 ("Coast Watch Digest") Not Found

Email: task force on software engineering, from Gotterbarn 3 December 1995 (response to Burnstein question about progress) Not Found

download: Cem Kaner, "Software Negligence and Testing Coverage (Part 1), 1995 Not Found

Newspaper clipping: "Intel admits it overstate chips' speed", January 6; 1996 Not Found

,mail: Start your engineers!, from Gotterbam, March 3, 1996 ("Dear Work Group Leaders")

Emil: Software Engineering Task Force, from K. Miller, March 8, 1996 ("Dear Michael")-with hand-written note from Weil.

Email: Final Outline, from Mechler, March 18,1996 (version 0)

Email: Final Outline, from Mechler, March 19, 1996 (not final outline but Jayaram. email)

Email: Final Outline, from Mechler, 20 March 1996 (version 0)

Email: SEEPP/E, from Mechler, 30 April 1996 (version U)-two copies

Email: Code Drafting, from Mechler, June 6, 1996 (response to first draft)

"Should U.S. Software Engineers Be Licensed", National Software Form, 25-26 June 1996 Not Found

Xerox: Turner, "Legal Sufficiency of safety-critical testing processes", 1996 Not Found

Email: Final Product, from Mechler, 8 August 1996 (version 1)

Memo: Code Drafting (cont.), from Davis to Mechler, August 19, 1996 (revision of version 1)

Email: Testing ,etc Group, from Mechler, 10 September 1996

Email: Ethics Code, Final Draft, from Mechler, 11 September 1996

Email: SE Code of Ethics, from Mechler, 30 September 1996 (version 1)

Email: Ethics Product Review 2, from Mechler, 9 October 1996 (annotated version 1, with *Bernstein's own annotations)* Not Found

Email: Ethics Product Review 1, from Mechler, 9 October 1996 Email: You have been added to the PRFCMP-L list, 8 October 1996 (copy of email to Weil)

Email: Code of Ethics, from Gotterbarn, 12 November 1996 (forward of Prinzivalli email)

Email: Code of ethics, the next step, from Gotterbarn, 18 December 1996

Email: "Greetings...", from Gotterbarn, 6 January 1997 (with version 1.0)

Email: Code Annotation, from Gotterbarn, 30 January 1997 (with Preamble to version 2.0)

Email: Code Arch and Annotation, from Gotterbarn, 31 January 1997 (with Preamble to version 2.0)--(9:43, 10:11, 10:34)

Email: Text of Table, from Gotterbarn, 3 February 1997

Email: Text of Table, from Gotterbarn, 4 February 1997

Email: Second of Three, code Principles 3-4 version 2.0, from Gotterbarn, 10 February 1997

Email: First of Three, from Gotterbarn, 10 February 1997

Email: Last of Three, Code Principles 5-7 (Version 2.0), from Gotterbarn, 10 February 1997

Email: Preamble and Code revision, from Gotterbarn, 18 March 1997 ("Cheers from sunny England")

Xerox: ACM SIGSOFT, "Letter to the Editor: Sofware Engineering Code of Ethics", July 1997 (introduces world to version 2.1) Not Found

Email: Decision to be made: SE Code, from Gotterbarn, 7 August 1997 (with Version 2.1 attached)

Email: Decision to be made: SE Code, 28 August 1997, from Michael Davis (apparently a forward from UTKVMI.UTK.EDU)

Xerox: Software Engineering Code of Ethics (Version 3), **undated,** signed by Gotterbarn, Miller, and Rogerson, requesting comments. Not Found

Davis, "Writing a Professional Code of By-Email", draft November 11, 1997 Not Found

Email: from Professional Competence Standards Task Force, 16 March 1998 (from Gotterbarn), "I have received the following questions". Not Found

;mail: [untitled] "It has been a well-deserved rest..." from Gotterbarn', undated [but after November 1997] Not Found

Weil, "The Information Revolution: A Dose of Reality", draft May 6, 1998 Not Found

Invitation to Ballot (Dear Colleague letter from L. Tripp), May 27, 1998 Not Found

Email: Testing to Maturity Model, Richard Pea, 28 May 1.998 Not Found

Email: Code of Ethics Ballot, 1 July 1998 (with Version 4 attached) Not Found

Final Project Report (NSF) #9523650 (SE Code Project), hand dated July 9, 1998 Not Found

Letter: to Rachelle Hollander, July 21, 1998 (with grant report attached) Not Found

Software Engineering Code of Ethics and Professional Practice (Version 5.0)
